

# SHADES OF SUFFOLK

## Buttermilk

Suffolk's Heritage coastline is the inspiration behind the buttermilk range, reminiscent of the opaque sands and shingle beaches that remain so largely unspoilt.

## Green

The ancient woodlands and rolling fields provide a seamless link between the echoes of bygone days and the vitality and exuberance we enjoy through the innovations of today.

### PRODUCT CARE

**Cleaning:** All products best cleaned in a dishwasher, alternatively scrubbing with hot water and detergent. Allow the product to dry thoroughly before storage. Wood components can be lightly scrubbed and dried.

**Oven, microwave and freezer:** The use of the microwave and freezer pose their own challenges, while the products in the Charlotte Watson range are used successfully, the manufacturer cannot accept responsibility for any resulting problems, due to the porosity, that may occur to product or persons.
